FRIDAY EVENING, DEC'R. 13.

A correspondent writes: "Mystery ! innoconce! and perhaps ignorance! I escorted a very charming person home the other night in an humble fly from a country dance. I am, not to put too fine a point on it, middle aged, and I hope saus reproche. But within a hundred yerds of her door she turned me out into a muddy lane. 'Why?' I asked, feebly. 'Ob, these figmen have quite too awful memories, and my husband is sitting up." -London

He had broken his promise to marry the girl. and her father wanted a money consideration to help heal a wounded heart. The young man said he would consider a resonable proposition. "Weil, theo, said the irate father, who was seeking justice for his daughter, "Young man, how does a dollar and a half strike you?"-

A noted politician was so fond of being "dead headed" everywhere that when some of his friends were debating how to get him to attend church, one of them said: "Charge an admis sion fee, and he'il be after a pass before break

The editor of the Harkensack Republican went to call on his girl, when he saw on the front steps a sign which said, "Beware of the paint." He went away sighing, "I never be fere knew that she painted,"

This important organ weigh, our about three pounds and all the blood in a living person (about three gailons) passes through it at least once every half hour, to have the bile and other to parities strained or filter d from it Bile is the natural pur, stive of the bowels, and if the Liver becomes torpid it is not separated from the blood, but carried through the veins to all ports of the system and in trying to escape through the pores of the skin, causes it to turn Jellow or a dirty brown color. The stomach becomes diseased and Dyspepsia, Ladigestion, Constipation, Headache Bilieurness, Jaundice, Chills, Malarial Fevers, Ples, Sick and Sour Stom sub, and general debility follow. MER-RELUS MEPATINE, the great vegetabl discovery for torpidity, causes the Liver to throw off from one to two ounces of bile each time the blood passes through it, as long as there is an excess of bile; and the effect of even a few deses upon yellow complexion or a brown, dirty locking skin, will aston-ish all who try it—they being the first symp toms to disappear. The cure of all binous diseases and Liver comptaint is made certain by taking Hepatine in accordance with directions Head cas is generally cured in twenty minutes, and no disease that arises from the Liver can exist if a fair trial is given. Grave mistakes are made in the treatment GLOVES. of all diseases that arise from poison in the blood. Not one case of Scrofula, Syphilis, White Swelling, Ulcerous Sores and Skin Disease in a thousand is treated without the use of Mercury in some form. Mercury rots the bones, and the diseases it produces are worse than any other kind of blood or skin disease can be.
